uncompromising
attention to
quality, detail,
and materials*

HEDDON

Entering Year 28. Don't you wish we all could jump into a stainless-steel DeLorean DMC-12-time travel machine retrofitted with a twin-turbo flux capacitor? Floor that gas pedal to the metal and once we hit 88 miles per hour we would (could?) return back to a much kinder, gentler world. You all know what I'm talking about here. Life was a lot simpler. We drank Bud beer. The streams ran cold. Fish ate flies. We drank Bud beer. Boys chased girls and girls chased boys. The lakes were full, and the fish were jumping. Enough said. What a crazy world we live in today. But, not to despair 'cause the streams still run cold, fish still eat Solitude flies, and the lakes are full, and the fish are jumping. Out West where we live, we had a tsunami of snow. Plenty of water. Water for fly fishermen who just wanna fly fish, casting Solitude Flies on their favorite lake, river, stream and shark infested waters. And we are all thankful for that!

So here we are still busy taking care of the business and our loyal customers. My sports car loving partner, Ray, took the above-mentioned DeLorean out for a spin into the future and came back with 35 new creative, fish catching, flies for 2024. Among his catches are an assortment of nymphs, streamers and plenty of new Tungsten jigs such as our new **Tungsten Jig Mop**, **Tungsten Jig Squirrel and the BWO** and **PMD Tungsten Wonder Nymph** patterns, all in different sizes and colors. And take a look at our new **Eggtasty** in three colors —all quality flies tied with the finest materials. Solitude continues to maintain the highest delivery standard within the industry. At least that is what we have been told. And that has been our mission statement from day one.

All new patterns are highlighted in the catalog with our nifty red logo. What these new patterns have in common is that they catch fishermen and fish.

We are also excited to introduce the long handle **Pro Carbon Net** and **Stream Bank Carbon Net** to our line of premium Solitude Carbon Fiber Nets (Page 83). The Pro Carbon Net is ideal for float tubers and the Stream Bank Carbon Net gives fishermen added advantage in netting fish from deep cut river's edge. The expanded line offers five different sizes to accommodate all fishing situations. These incredibly light and durable nets have a rubberized grip and are designed for the wading angler. Unique is the clear rubber netting which does not harm the fish and prevents hooks from getting stuck in the net.

Again, as in the last 27 years, we thank you for your business. And if you are a new fly shop owner, give us a try. As old as we are, and believe us we are getting old, we haven't forgotten that it is YOU, the fly shop mogul who's our boss and number one customer, regardless if you are a big or small mogul.

As always, we continue to welcome your comments and ideas (and business!) in order to serve you better. Until next year, good luck finding cheap gas!

John, Ray, Bettina, Myles and Kyle

SOLITUDE GUIDE VEST

Solitude's light and functional vest with 22 pockets of which there are four large zippered horizontal pockets designed for quick and easy access to those fly boxes. Also constructed of Supplex®, the GUIDE VEST is designed as a short vest for wading in deep water. And with all the mesh, the GUIDE VEST is the coolest vest for warm weather, saltwater, or strutting into any cowboy bar in Montana. Also on the front of the vest are five functional Velcro pockets and two small elastic pockets for floatant, sinkers, or Solitude LUCKY STRIKE and MOSSY STRIKE indicators. And there is the same unique window pocket that is in the Solitude GUIDE VEST for placing your fishing license. Add 2 D-rings and straps for a rod holder and you have a great fly fishing vest. But there's more! Inside there are four pockets for tippets, beer bottle opener, and assorted odds and ends. And something you will not find on most other vests, a snap connector for attaching practically anything. There are also two large cargo pockets and a D-ring for your net in the back. Add a padded yoke rib-neck collar and you have the lightest, most functional fly fishing vest for the serious guide or wannabe guide fly fisherman.

COLOR: Sage

SIZES: Medium/38-40 Large/42-44 XL/46-48 XXL/50-52

S O L I T U D E N E T S & M A G - N E T

Premium Solitude Nets are constructed with beautiful ***burled wood*** with a ***clear view Measure Net®*** and **"Mag-Net"** to assist you in your next fishing adventure. All are professionally constructed and finished for durability and effortless use. Solitude's ingenious wooden nets are among the finest nets found anywhere today.

Silver Creek

Overall Length: 19.5"
Hoop Dimensions: 12" x 7.75"

McCoy

Overall Length: 22.5"
Hoop Dimensions: 14" x 9.5"

Fire Hole

Overall Length: 22"
Hoop Dimensions: 14.25" x 8.25"

Gunnison

Overall Length: 23"
Hoop Dimensions: 15" x 9"

Solitude Clearview PVC (polyvinyl chloride) Netting with built in measuring scale that accomodates tear drop, oval, or rectangular shaped frames from 32"-39" circumference. Some trimming might be necessary. US Patent 6615532, 7624529

We are pleased to introduce two new additions to our line of premium **Solitude Carbon Fiber Nets - the Pro Carbon Net and the Stream Bank Carbon Net.** We use the same high quality materials and attention to detail as our popular and proven nets – **the Madison, the San Juan, and the Hog.** Both new nets are longer to help you land those bigger fish!

These incredibly light and tough nets are constructed with a core of carbon fiber/fiberglass composite materials, have a rubberized non-slip handle and are extremely strong and durable. All are made with our proprietary clear view rubber “**MeasureNet®**” netting which does not harm the fish and prevents hooks from getting struck in the net.

And for attaching your net securely to your vest, our strong quick release “Mag Net” guaranteed to keep the net behind your back until you need it. Available on The Madison, The San Juan, and The Hog.

FEATURES

- CarbonFiber/fiberglass composite materials
- Rubberized non-slip handles
- Waterproof/weatherproof & buoyant
- Clear “Measure Net” Rubber Net with fish scale (San Juan & Madison models)
- Solitude “Mag Net” magnets on The Madison, The San Juan, and The Hog.

 **The Pro Carbon Net**

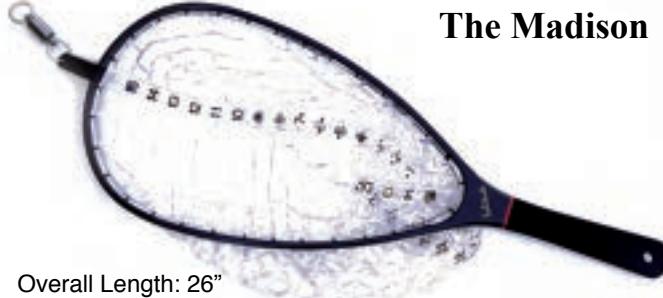

Overall Length: 32"
Hoop Dimensions 20.5" x 11.5"

 **The Stream Bank Carbon Net**

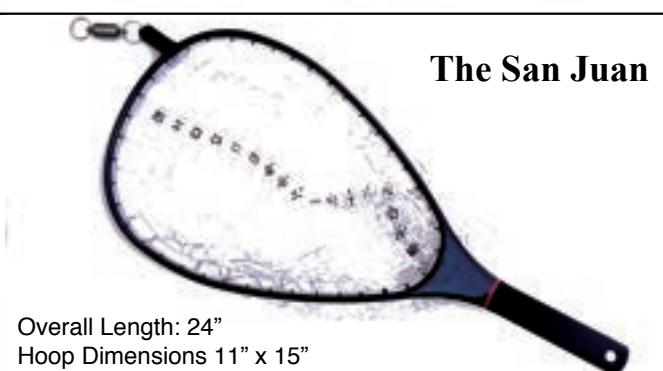

Overall Length: 37.5
Hoop Dimensions 20.5" x 11.5"

The Madison

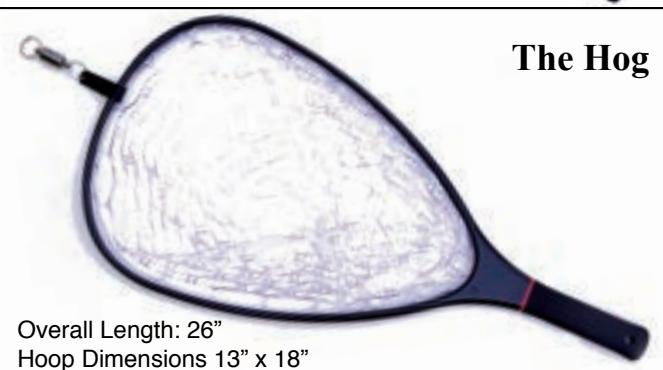

Overall Length: 26"
Hoop Dimensions 9.5" x 16"

The San Juan

Overall Length: 24"
Hoop Dimensions 11" x 15"

The Hog

Overall Length: 26"
Hoop Dimensions 13" x 18"

 **New Item**

SOLITUDE MAG-NET

Don't forget to order your Solitude "Mag-Net." Powerful nickel-plated magnets with 7+ pounds of pull hold your net securely to your vest until needed.

One-hand operation allows for quick release.

No more fumbling or lost catches. The magnets are self seeking to easily put the net back in place after the catch. Casings made from high quality aluminum. Bungee cord and 2 split rings are also provided.

SOLITUDE'S "LUCKY STRIKE" INDICATORS

These babies are made of light multi-colored foam strips that will catch the eye of the fisherman and keep them coming back for more. The "LUCKY STRIKE" floats like a feather, rides high, and never soaks up water. You are going to have fun with these and sell a lot. Just plop them in a large jar on your counter near the cash register and watch them sell. The "LUCKY STRIKE" indicators come in three sizes: KING (large), LIGHT (small) and REGULAR (50/50 mix) in packages of 100 count. And remember our motto: when a fish strikes, strike back with a LUCKY STRIKE. Matches not included.

COLOR: every color of the rainbow!

SIZES: KING (large) LIGHT (small) REGULAR (50/50 mix)

QUANTITY PER PACKAGE: 100

"MOSSY STRIKE" INDICATORS

Why not give our "MOSSY STRIKE" a try?! Hidden in the middle is its fluorescent core which is easy for fishermen to spot but it won't spook fish because it's cleverly camouflaged under the imitation mossy fibers. The material has been pre-treated for good buoyancy.

REGULAR (50/50 mix)

QUANTITY PER PACKAGE: 100

SOLITUDE TROUT BUM CAPS

Check out our Solitude Trout Bum Caps! They come in 5 great colors: Blue/Khaki, Brown/Khaki, Olive/Khaki, Black/Gray, and Pink/Gray. Distressed finishing gives these hats a well-worn, comfortable look and feel. One size fits all. Easily adjusted with a velco strap on the back. (*Damsel fly not included.*)

SOLITUDE GUIDE VEST

Solitude's light and functional vest with 22 pockets of which there are four large zippered horizontal pockets designed for quick and easy access to those fly boxes. Also constructed of Supplex®, the GUIDE VEST is designed as a short vest for wading in deep water. And with all the mesh, the GUIDE VEST is the coolest vest for warm weather, saltwater, or strutting into any cowboy bar in Montana. Also on the front of the vest are five functional Velcro pockets and two small elastic pockets for floatant, sinkers, or Solitude LUCKY STRIKE and MOSSY STRIKE indicators. And there is the same unique window pocket that is in the Solitude GUIDE VEST for placing your fishing license. Add 2 D-rings and straps for a rod holder and you have a great fly fishing vest. But there's more! Inside there are four pockets for tippets, beer bottle opener, and assorted odds and ends. And something you will not find on most other vests, a snap connector for attaching practically anything. There are also two large cargo pockets and a D-ring for your net in the back. Add a padded yoke rib-neck collar and you have the lightest, most functional fly fishing vest for the serious guide or wannabe guide fly fisherman.

COLOR: Sage

SIZES: Medium/38-40 Large/42-44 XL/46-48 XXL/50-52

SPECIAL ORDERS

Did we tell you that we do special orders? See something in the catalog you can't find? Want something special just for you? Then give us a call and we'll deliver (16 dozen minimum).

A special SOLITUDE thank you to Barry and Cathy Beck of Beck Photography (570-925-2392) for supplying us the great photos for this catalog and our gazillion dollar display booth.

And thanks to our good buddy Russell Nakada of Label Service, Inc. (310-329-5605) for designing and printing our catalog and all that other stuff you need to run a business. And finally, a big thank you to Ann, Annie, Michelle, Mitsue, Rosendo, and Xiomara, the hard working "A" Team!
