

2027 Catalog

SOULTHO

*Fly fishing products
made with
uncompromising
attention to
quality, detail,
and materials*

UFOs, AI, and whatever comes next! Oh my! UFOs, AI, and whatever comes next! Oh my! All considering, not a dull summer while we transition into Solitude's 31st year in business.

We live in a crazy world that keeps spinning out of control each trip around the Sun. While Disclosure Day may be the hot topic and movie of the year, for me, Deadline Day, the drop-dead day Ray needs this catalog article from me, is my greatest challenge at age 80 (*oh my!*).

Not to worry though as rumor has it that AI will soon replace ALL of our jobs at Solitude, along with Ray's dog, Riley. Hell, AI can design fly patterns right now! Just Google the internet! What's next? Flies manufactured with AI robots? Hell, they can probably do that too! Oh my!

For the time being, Solitude will continue to deliver the best hand tied flies in the industry. At least that is what our loyal customers have told us for the last three decades.

Anyway, with or without AI, we have not lost our sense of humor or our dedication to continue servicing the industry with quality flies and outstanding customer service.

So here we are 31 years later and still busy taking care of business and grateful for our loyal old customers. Check out our new creative, fish catching, flies we at Solitude Fly Company are strutting out next year — 22 new patterns, an assortment of dries, tungsten jigs and nymphs, terrestrials, salt water and steel-head patterns. We are excited and hope you will be too about our new **Tungsten Cone Buzzer Nymph in four colors, the Tilt Wing Adams and Tilt Wing Adams Purple Haze, the Bead Head October Caddis, six new Tungsten Jigs, the Green Weenie Nymph, the Dragon Fly Nymph, the Slate Drake Nymph, the No-Idea Steelhead Pattern in four colors, Madonna's Party Black Ant, a new Water Boatman, a Top Gun BWO & PMD** and much more, all in assorted sizes and colors—quality flies tied with the finest materials. And Solitude continues to maintain the highest delivery standard within the industry.

All new patterns are highlighted in the catalog with our nifty red logo. What these new patterns have in common is that they catch fishermen and fish.

Don't overlook our **JAYDACATORS**, highly durable foam indicators that provide excellent buoyancy thanks to their hollow interior construction. Jaydactors come in three sizes and colors — page 88.

And take a look at our hot line of premium Solitude **Carbon Fiber Nets** – the **Pro Carbon Net, the Stream Bank Carbon Net, the Hog, San Juan and the Madison**. These incredible light and tough nets are constructed with a core of carbon fiber/fiberglass composite materials, have a rubberized nonslip handle and are extremely strong and durable. All are made with our proprietary clear view rubber "**MeasureNet®**" netting which does not harm the fish and prevents hooks from getting stuck in the net. Check out these beauties on page 90.

Again, as in the last 30 years, we thank you for your business. And if you are a new fly shop owner, give Ray a call at (626) 458-6624 and tell him the *Bonker* sent ya!

Finally, we haven't forgotten that it is **YOU**, the fly shop mogul who is our boss and number one customer, regardless if you are a big or small mogul.

As always, we continue to welcome your comments and ideas (*and business!*) in order to serve you better. Until next year, watch out for those low flying saucers (*Oh my!*).

John, Ray, Bettina, Myles and Kyle
Solitude Fly Company

JAYDACATOR'S

JAYDACATORS

Solitude is happy to introduce our brand new line of Jaydacators! Jaydacators attach inline to minimize any bends and kinks. The directional coloring can help you notice any nibbles or interest on your line. Jaydacators are highly buoyant to help keep your fly up and less waterlogged. These are super light and easy to adjust. Jaydacators can be used as a slip bobber. These come in 4 convenient sizes for all sorts of fishing.

SIZES: XS - 15mm

Small-17mm

Medium-21mm

Large-23mm

Bulk Package: 100 Pieces (mixed sizes)

Variety Pack: 3 pieces (1 small, 1 medium, 1 large)

THE SOLITUDE FLY BOBBER & PEG STOPPERS

Spend less time adjusting your rig and more time fishing.

THE SOLITUDE FLY BOBBER & PEG STOPPERS make it quick and easy to adjust and secure your strike indicator or bobber at the desired depth. The compact stopper system slides easily onto your leader and provides a reliable hold without complicated rigging.

Designed for fly anglers who want a clean, efficient way to control fishing depth, these stoppers are especially useful when conditions require frequent depth adjustments. The lightweight design helps maintain a natural presentation while keeping your rig streamlined.

Key Features

- Easy to install and adjust
- Helps secure your bobber or strike indicator at the desired depth
- Compact, lightweight design
- Ideal for changing water depths and fishing conditions
- Great for trout and other indicator-based fly-fishing applications
- Convenient for both fresh and still water

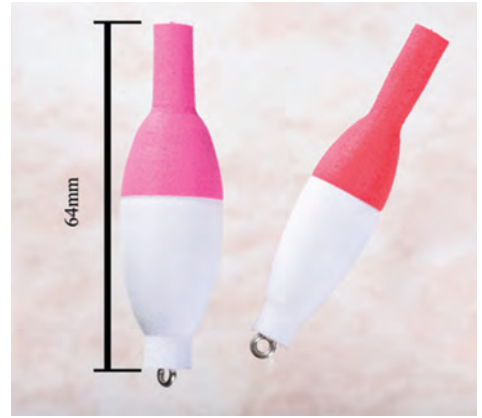

24 piece rubber stoppers and 3 pegs

FLOAT-N-FLY BY JAY COCKRUM

A lightweight strike indicator designed to elevate your bass fly fishing setup. Built for anglers who demand precision, this compact float delivers the sensitivity needed to detect even the subtlest takes.

Key Features:

- Super light-casts effortlessly without weighing down your line
- Ultra sensitive-registers the faintest strikes for better hookup rates
- Easy to cast-smooth, controlled presentation every time
- Reacts to both up strikes and down takes-versatile detection no matter how the fish hits

Whether you are targeting wary bass or working technical water, the FLOAT-N-FLY gives you the responsiveness and ease of use that make every cast count. Designed by pro guide, Jay Cockrum and proudly offered by Solitude Fly Company, Inc.

SIZES: Small-64mm x 15mm / Large-64mm x 18mm

Small: 2 pieces / Large: 2 pieces / Variety Pack: 2 pieces (1 Small and 1 Large)

SOLITUDE'S "LUCKY STRIKE" INDICATORS

These babies are made of light multi-colored foam strips that will catch the eye of the fisherman and keep them coming back for more. The "LUCKY STRIKE" floats like a feather, rides high, and never soaks up water. You are going to have fun with these and sell a lot. Just plop them in a large jar on your counter near the cash register and watch them sell. The "LUCKY STRIKE" indicators come in three sizes: KING (large), LIGHT (small) and REGULAR (50/50 mix) in packages of 100 count. And remember our motto: when a fish strikes, stike back with a LUCKY STRIKE. Matches not included.

COLOR: every color of the rainbow!

SIZES: KING (large) LIGHT (small) REGULAR (50/50 mix)

QUANTITY PER PACKAGE: 100

"MOSSY STRIKE" INDICATORS

Why not give our "MOSSY STRIKE" a try?! Hidden in the middle is its fluorescent core which is easy for fishermen to spot but it won't spook fish because it's cleverly camouflaged under the imitation mossy fibers. The material has been pre-treated for good buoyancy.

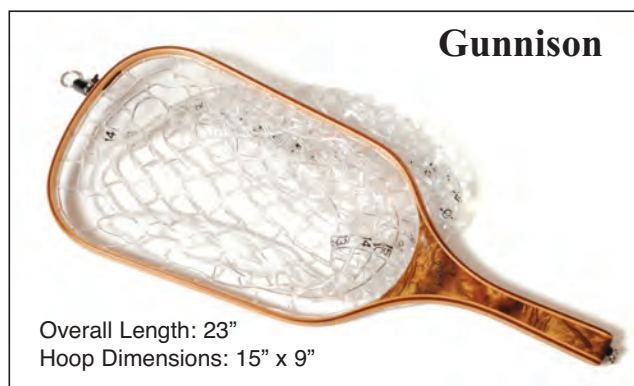

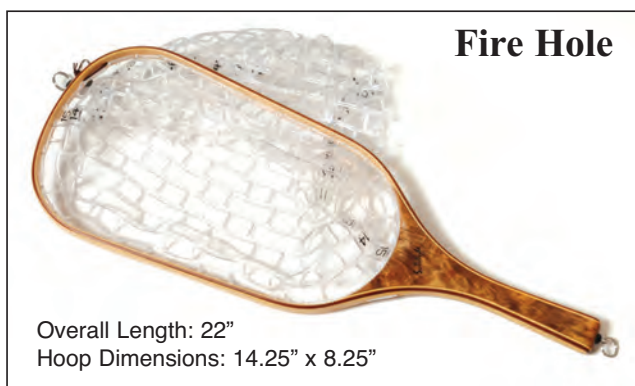

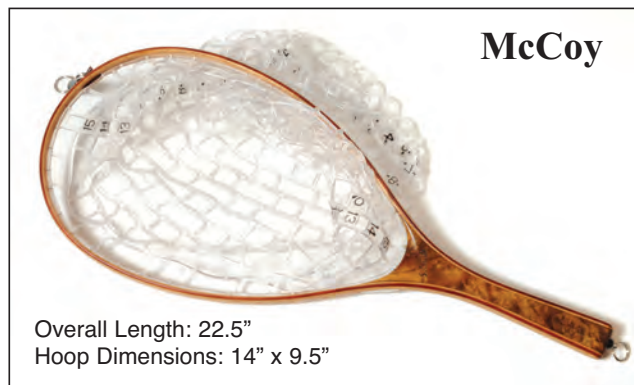

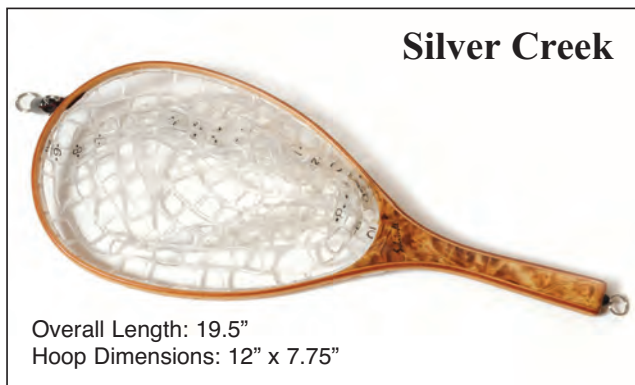

REGULAR (50/50 mix)

QUANTITY PER PACKAGE: 100

SOLITUDE NETS & MAG-NET

Premium Solitude Nets are constructed with beautiful *burled wood* with a *clear view Measure Net®* and “*Mag-Net*” to assist you in your next fishing adventure. All are professionally constructed and finished for durability and effortless use. Solitude’s ingenious wooden nets are among the finest nets found anywhere today.

Solitude Clearview PVC (polyvinyl chloride) Netting with built in measuring scale that accomodates tear drop, oval, or rectangular shaped frames from 32"-39" circumference. Some trimming might be necessary. US Patent 6615532, 7624529

Designed for the wading angler, our line of premium Solitude Carbon Fiber Nets offers five different sizes to accommodate all fishing situations. **The Madison, The San Juan, and The Hog** are incredibly light and durable nets made with high quality materials and workmanship. The 32" long handle **Pro Carbon Net** is ideal for float tuber and the 37.5" **Stream Bank Carbon Net** gives fisherman added advantage in netting fish from deep cut river's edge.

These nets are constructed with a core of carbon fiber/fiberglass composite materials, have a rubberized non-slip handle, and are extremely light and strong. Unique is our proprietary clear view "MeasureNet®" rubber netting which does not harm the fish and prevents hooks from getting stuck in the net.

And for attaching your net securely to your vest, our strong quick release "Mag Net" guarantees to keep the net behind your back until you need it. Available on The Madison, The San Juan, and The Hog.

FEATURES

- CarbonFiber/fiberglass composite materials
- Rubberized non-slip handles
- Waterproof/weatherproof & buoyant
- Clear "Measure Net" Rubber Net with fish scale (San Juan & Madison models)
- Solitude "Mag Net" magnets on The Madison, The San Juan, and The Hog.

 The Pro Carbon Net Overall Length: 32" Hoop Dimensions 20.5" x 11.5"
 The Stream Bank Carbon Net Overall Length: 37.5 Hoop Dimensions 20.5" x 11.5"
 The Madison Overall Length: 26" Hoop Dimensions 9.5" x 16"
 The San Juan Overall Length: 24" Hoop Dimensions 11" x 15"
 The Hog Overall Length: 26" Hoop Dimensions 13" x 18"

SOLITUDE MAG-NET

Don't forget to order your Solitude "Mag-Net." Powerful nickel-plated magnets with 7+ pounds of pull hold your net securely to your vest until needed.

One-hand operation allows for quick release. No more fumbling or lost catches.

The magnets are self seeking to easily put the net back in place after the catch. Casings made from high quality aluminum. Bungee cord and 2 split rings are also provided.

SOLITUDE TROUT BUM CAPS

Check out our Solitude Trout Bum Caps! They come in 5 great colors: Blue/Khaki, Brown/Khaki, Olive/Khaki, Black/Gray, and Pink/Gray. Distressed finishing gives these hats a well-worn, comfortable look and feel. One size fits all. Easily adjusted with a velco strap on the back. (*Damsel fly not included.*)

SPECIAL ORDERS

Did we tell you that we do special orders? See something in the catalog you can't find? Want something special just for you? Then give us a call and we'll deliver (16 dozen minimum per style, color, size).

A special SOLITUDE thank you to Barry and Cathy Beck of Beck Photography (570-925-2392) for supplying us the great photos for this catalog and our gazillion dollar display booth.

And thanks to our good buddy Russell Nakada of Label Service, Inc. (310-686-1710) for designing and printing our catalog and all that other stuff you need to run a business. And finally, a big thank you to Ann, Annie, Michelle, Mitsue, and Xiomara, the hard working "A" Team!
